Foreword

The saying "A picture is worth a 1000 words" refers to the thought that complex stories can be depicted with just a single still image, or that an image might be more influential than a substantial amount of text. It likewise aptly characterizes the goals of visualization where large amounts of data must be absorbed fast. A great inspirational movie will build in anticipation of elemental success for the star that seems to go through some sort of personal hell early in the film. When that success arrives, the audience will frequently feel like rising and cheering. We all know how simple it would be for the star to just say "what's the use?" and then quit. It takes personal fortitude to keep going. Many of us don't have it. So, once we see it we cheer.

Individuals love a winner, but individuals really love the man or woman who defeats hardship and triumphs. When you walk out of a movie with that type of conclusion you feel like all is well with the world. It's like justice has been served on our hero and it was fun to see. Good for him, good for her, good for them.

Even though the triumph on the screen isn't ours, we like how it affects the star of the show. There's some personal satisfaction we take from the goodness we discover. How do you feel when your team wins the big game? We know that the victory doesn't rank up there with world peace but the excitement is genuine. Why is that? Well, our team won and we were a part of it. We sweat bullets till the win is guaranteed. We sweat life till the film star comes up a winner. Whew! You need to view these movies to have that same feeling. I'm going to personally insist that you see all of these pictures that I'll review for you.

Chapter 1:

#10 Rocky Balboa

Synopsis

Rocky Balboa is a longtime out of service boxer and remembered by most as among the greatest boxing champions in the world.

Rocky's Story Inspires

Rocky now lives back in the skids of Philadelphia (2008) but manages a beneficial life including running his restaurant called Adrian's, helping an grownup Little Marie and her son Steps, and saying hello at any chance to his alienated son Robert. After seeing a virtual fight of Rocky in his heyday vs. heavyweight champion Mason "the Line" Dixon, Rocky's concern in fighting flickers again and he plans to fight in local clubs. Mason Dixon and his managers have another agenda though, with a plan to pit Rocky vs. Mason in the real world for a publicity act to regain Mason's lost regard from his fans. At last agreeing to Mason Dixon's proposal, Rocky grooms to step in the ring for one last time.

A widower of a lot of years now Rocky has fallen under a routine of retrospection to his past. A coincidental meeting, with a girl that's now all grown up, gets him back on track. Rocky forever wanting to help those that he cares about lends a hand for her and her son.

Rocky now owns a little restaurant in the heart of Philly, he finds himself narrating stories to those that ask about previous fights and taking pics with his fans. Paulie, his wife's brother shows him an ESPN scoop about a virtual fight between reigning undefeated heavy weight champ of the world Mason "The Line" Dixon. The virtual bout fascinates everybody with Rocky "the Italion Stallion" as the winner.

Rocky feels like he needs to come back into the ring not for a title shot, but for some local fights that will fulfill his love of the game. When Rocky is approached by Dixon's managers Rocky can't turn the semi charity event down. After linking up with his son, Rocky, Duke

(his former trainer), Paulie, and Rocky Jr. they get to work training the still in shape former two time heavy weight champion of the world. You'll be inspired by the heart vs. skill bout of 10 amazing rounds.

This movie is inspiring because of determination of the underdog, you don't have to be a pro and start out distinguished, sheer drive and determination can help you become what you want to be even when other people have an advantage over you.

This series of movies is a story of an older washed up boxer, who's a nobody, but given a shot at a title and works hard utilizing unorthodox training because he's too poor to afford "championship" training. He utilizes his determination to prove he can win over all the odds.

These movies show us that nothing is impossible and that anything can be achieved if we work hard enough for it. Once you see the movies you will realize that there is an 'Eye of the Tiger' in us all.

This series of movies is actually based on a true person: When a young, impressionable and unknown Philadelphia resident -- Sylvester Stallone -- saw the Wepner/Ali fight he was straight off inspired to write the blockbuster movie screenplay, Rocky. It became one of the 20th Century's biggest box office hits. Like piston-fists of steel, Hollywood blasted out Rocky I, Rocky 2, Rocky 3, Rocky 4, Rocky 5...knockout! Indeed the world-famous Rocky Balboa character was, in reality, based on Chuck Wepner.

Chapter 2:

#9 Men Of Honor

Synopsis

Established on a real story, Robert Deniro and Cuba Gooding Jr. pair up for inspirational story of Master Chief Petty Officer Carl Brashear (Gooding Jr.) and Master Chief Leslie William “Billy” Sunday (Deniro) In the movie Men of Honor.

Honor Inspires

Carl Brashear is a man attempting to become the first African American Navy diver.

The story in the final analysis revolves around two "men of honor"; their kinship, their individual and joint failures and victories. Carl Brashear is determined to be the first African American Navy Diver in a time where racial discrimination is strife. Leslie Sunday is his envenomed trainer, determined to see him fail. Fate, challenges and conditions eventually draw these two men together in a tale of turbulence and at long last victory.

Carl Brashear, born in 1931 to sharecroppers, signs up with the Navy and, after watching the heroics of Billy Sunday, the Caucasian son of a sharecropper, determines to get to be the Navy's first African-American diver. At the Bayonne, N.J., divers' training camp, Sunday is his teacher, and Brasher must prevail over hazing verging on the murderous. With Sunday and the camp's commanding officer dead set against Brashear's graduating, his physical skills and steely purpose, which he got from his father, see him through and through. Carl and Billy's paths cross again when each needs rehabilitation one from a trauma, the other from resentment. Their wives look on with awe and thwarting.

The final scenes of the movie are Carl stands up in the fresh diving suit after many tribulations, and-with obvious eager discomfort- takes a few clumsy steps forward. Everybody assumes that his prosthetic leg will snap (which he got from an earlier diving accident), but Sunday steps forward and starts shouting orders at Carl (identical to

their first session at diving school years before). Carl struggles, but continues moving forward till he has reached the 12th step.

Captain Hanks, realizing that no more can be done, declares that the Navy will be reinstating Carl Brashear to full diving duty.

Carl and Sunday salute each other, and then meet with their wives as a celebration of this crucial triumph.

Credits at the end reveals that Carl Brashear was the first African-American amputee to assume Navy diving duty, and that 2 years after his reinstatement Carl was promoted to Master Chief. Carl went forward in his naval career for another 9 years before finally taking retirement.

End-to-end in the movie he faces confrontation from those who don't want him to come through, including Sunday. With only a 7th grade education and finally a prosthetic leg, Brashear is driven to become the first African American Navy Diver.

With a marvelous and moving closing scene, Men of Honor delivers the message that regardless the obstacle, success is possible.

Chapter 3:

#8 Rudy

Synopsis

*When people state dreams don't come true, tell them about
Rudy.*

Occasionally a winner is a dreamer who just won't give up.

*It's not the size of the dog in the fight; It's the size of the fight in
the dog.*

Determination Inspires

Rudy- among the most inspiring sports movies of all time, the 1993 film Rudy delivers a tale of the undersized, under talented, Daniel Rudy Ruettiger who has ambitions of playing college football for the Norte Dame Fighting Irish in spite of his father's wishes.

Rudy Ruettiger (Sean Aston) grows up in a Catholic, blue-collar family that loves Notre Dame football. He doesn't have the grades, the size or the talent to get into his beloved school so he follows his brothers and father into work at the steel plant.

After his twenty-second birthday his dearest friend Pete (Christopher Reed) who forever believed in him dies in an accident. Rudy then recognizes that it's now or never to follow his womb-to-tomb dream to play for the Fighting Irish. In spite of fear of failure from his father (Ned Beatty) and girlfriend (Lily Taylor) he leaves to follow up on his goal.

Showing up isn't enough to get him into the university, so with the encouragement of a priest (Robert Prosky), he enrolls in Holy Cross Junior College. There he gets help from a tutor (Jon Favreau) who aids him in dealing with his reading impairment and at long last get good grades. He works on the maintenance crew (Charles S. Dutton). At last, Rudy gets accepted and upon transferring in to the school, he gets a chance as a "tackling dummy" for the team for 2 years.

Encouraged by his perseverance and spunk, Rudy inspires the team and is allowed to dress for one game by the coach (Jason Miller),

where he's triumphantly carried off the field by his fellow teammates. The story is based on the life of Daniel "Rudy" Ruettiger.

Because of his drive and desire, Rudy earns a spot on the team and wins the loyalty of his teammates. With Rudy being only 5'6" and 165 pounds, he has a very slim chance of even making the squad. The film teaches that will and determination can make up for a deficiency of talent and stature.

The culmination of the movie is when Rudy makes a sack in the last play of the game against Georgia Tech and is carried off the field by his teammates....anything is possible!

Chapter 4:

#7 Forrest Gump

Synopsis

"My momma always said, Life was like a box of chocolates. You never know what you're gonna get."

"Stupid is as stupid does."

"My Mama always said you've got to put the past behind you before you can move on."

Determination And Courage

This movie that's based on a novel by the same name tells the story of a man who has an intelligence quotient of 75 and unknowingly lives a highly influential and successful life. In spite of having leg braces as a child and his obvious mental incapacities, Forrest's mother promises him that "life is like a box of chocolates, you never know what you're gonna get".

With that advice, Forrest carries on to win the Congressional Medal of Honor, become a world famous ping-pong champion, own of a highly successful shrimp fishing company, and run across the country in 3 years; all of this with a seemingly ignorant awareness to the grandness of his accomplishments. The movie likewise touches on the dilemma of whether the events in life are because of preset fate or if all of life is a series of unintentional occurrences. This awe-inspiring inspirational story of triumph earned 677 million dollars worldwide.

Forrest Gump is a simple-minded man with little brain activity but fine intentions. He battles through childhood with his best and only friend Jenny. His 'mama' teaches him the ways of life and leaves him to decide his destiny. Forrest joins the army for service in Vietnam, discovering new acquaintances called Dan and Bubba, he wins medals, begins the table tennis craze, inspires individuals to jog, is instrumental in the creation of the smiley, inspires people to write bumper stickers and songs, donating to people and meeting the president several times.

All the same this is all irrelevant to Forrest who can only think of his childhood sweetie Jenny, Who has messed up her life. While in the end all he wants to prove is that anyone can love anyone.

He tells his life's tale to people waiting at a small town bus stop. He's captured fame, fortune and glory, but his one true love has ceaselessly eluded him.

Forrest achieved great things in his life and been present during significant historic events - in each case, far exceeding what anybody imagined he could do.

"Forrest Gump" is the story of a man who rose above his challenges, and who evidenced that determination, courage, and love are more significant than ability...

Chapter 5:

#6 The Pursuit of Happyness

Synopsis

“Hey. Don't ever let somebody tell you... You can't do something.”

“You got a dream... You gotta protect it. People can't do somethin' themselves, they wanna tell you you can't do it. If you want somethin', go get it. Period.”

Perseverance

The Pursuit of Happyness- Inspired by the true life story of Chris Gardner. The Pursuit of Happyness is among the most inspiring movies in recent years. A single man (Will Smith) bringing up his young son(Jaden Smith) is reduced to living in train station bathrooms and homeless shelters while attempting to sell overpriced medical equipment to doctors and landing the one available employment position with the brokerage firm Dean Witter Reynolds.

In 1981, in San Francisco, the smart salesman and family man Chris Gardner places the family savings in Osteo National bone-density scanners, an apparatus doubly as expensive as an x-ray machine but with a somewhat clearer image. This white elephant financially breaks the family, bringing difficulties to his relationship with his wife Linda, who leaves him and moves to New York City where she has taken a job in a pizza shop. In spite of the overwhelming trials he had to endure Chris is determined to survive and wins the sole employment position. This movie, Will Smith's 6 consecutive #1 opening, brought in 27 million dollars in its first weekend.

Chapter 6:

#5 Braveheart

Synopsis

“Every man dies, not every man really lives.”

“His passion captivated a woman. His courage inspired a nation. His heart defied a king.”

“Freedom”

Passion Inspires

A dramatically inspiring movie about bravery and freedom, Braveheart takes the viewer back to 1300s and introduces them to the legendary Scotsman named William Wallace (Mel Gibson). After his childhood love interest Murron is killed by an English Sheriff, Wallace strikes back and finally starts a revolution against the English people.

William Wallace is a Scottish rebel who leads a rebellion against the cruel English ruler Edward the Longshanks, who wishes to inherit the crown of Scotland for himself. When he was a young boy, William Wallace's father and brother, along with a lot of others, lost their lives attempting to free Scotland. Once he loses another of his loved ones, William Wallace starts his long quest to make Scotland free once and for all, along with the assistance of Robert the Bruce.

William Wallace is both a bright military strategist and courageous warrior. Although the William Wallace character in the movie really existed, the movie is based on an epic poem called Sir William Wallace, Knight of Elderslie.

The cry for freedom that Wallace brings in at the end of the movie right before his death is potently influential.

Braveheart inspiration in real life: A young boy whose mother has MS led 100s of supporters to the Scottish Parliament to crusade for free vitamin D to help fight the illness. 14 year old Ryan McLaughlin says young children and pregnant women should be given free vitamin D supplements, believing it can help avoid MS after scientific studies suggested a link.

Ryan said he was inspired by Braveheart. He was joined by about two hundred supporters, many of them youngsters, in a march down Edinburgh's Royal Mile to the Scottish Parliament.

Before putting his case to Holyrood's petitions committee, he said:
"I'm going to parliament to try to give them my insight into how my family's been affected and that vitamin D is the answer, in my opinion, to get through this."

William Wallace's speech in Braveheart about having "just one chance" to make a difference gave him inspiration, he said.

Chapter 7:

#4 Ray

Synopsis

“The extraordinary life story of Ray Charles. A man who fought harder and went farther than anyone thought possible.”

“If you want to do something to make your mama proud, promise me. Promise me you won't let nobody turn you into no cripple, you won't become no charity case, and you'll stand on your own two feet.”

Overcoming Obstacles

Ray-In a spookily accurate portal of Ray Charles, Jamie Foxx forks out a performance of a lifetime in the movie Ray. Ray Charles loses his eye sight as a child but somehow manages to learn to play the piano and elevated himself into one of the most beloved rhythm and blues artist in the world.

In addition to Ray's sightlessness, he likewise contends with racism and a drug addiction to heroin. Just one of those obstructions are adequate to keep most individuals from success but Ray takes what his mother teaches him about "making your own way in this world" to slingshot him to accomplishment.

Ray Charles has the differentiation of being both a national treasure and an international phenomenon. By the early 1960's Ray Charles had achieved his dream. He'd come of age musically. He'd got in to Carnegie Hall. The hit records "Georgia," "Born to Lose" in turn kept rising to the top of the charts.

He'd made his 1st victorious European concert tour in 1960 (a feat which, except for 1965, he's duplicated at least once a year ever since). He had taken literally every form of popular music and pushed through its boundaries with such amazing accomplishments as the LP's "Genius Plus Soul Equals Jazz" and "Modern Sounds in Country & Western." Rhythm & blues (or "race music" as it had been named) became universally honorable through his efforts.

Jazz found a mainstream audience it had never before enjoyed. And country & western music started to chart an unforeseen course to

general acceptance, then universal popularity. And along the way Ray Charles was implemental in the design of rock & roll.

Born in a poor African American town in central Florida, Ray Charles went blind at the age of seven. With the steadfast support of his determined single mother, he acquired the fierce resolve, wit and incredible talent that would finally enable him to overcome not only racial discrimination and the cruel biases against the blind, but likewise discover his own sound which inspired American popular music.

Nonetheless, as Ray's unprecedented fame developed, so did his weakness for drugs and women, till they threatened to strip away the very things he held most dear.

The movie grossed over 125 million worldwide and Jamie Foxx won the Academy Award for Best Actor.

This little known story of Ray Charles' meteoric rise from modest beginnings, his successful battle to excel in a sighted world and his eventual defeat of his own personal monsters make for an inspiring and unforgettable true story of human triumph.

Chapter 8:

#3 The Shawshank Redemption

Synopsis

“Fear can hold you prisoner. Hope can set you free.”

Hope Is Inspirational

Voted the most inspirational movie by British movie fans in 2006, Shawshank Redemption is founded on a novel by Stephen King and is likewise among my favorite movies to view. The movie tells the story of Andy Dufresne (Tim Robbins) and Ellis Boyd "Red" Redding (Morgan Freeman) as 2 convicts who spend nearly twenty years in a Maine penitentiary named Shawshank Prison.

Andy is young banker in 1947 who's incorrectly convicted of murdering his wife and her lover and is sent off to Shawshank to serve 2 back-to-back life sentences. In the prison house, Andy has a difficult time adapting and is assaulted by other convicts. He becomes familiar with Red and his acquaintances and because of his financial background, starts to offer his tax knowledge and services to the guards for free.

Because of his usefulness, the Warden Samuel Norton moves Andy from manual labour tasks, to an office where he can launder money for Norton by producing a fictional human being named Randel Stevens. The film outlines Andy's determination and integrity as he works to get a library built within the prison and educate the convicts so that they can earn their GED. Over the years, he holds hope and finally gains the respect of his fellow convicts, particularly longtime convict "Red" Redding, a black marketeer, and becomes influential inside the prison.

One night, it was storming. Andy wore Norton's shoes to his cell, figuring nobody would notice. He packed a few papers and Norton's clothes into a plastic bag, tied it to himself with some rope, and escaped through his hole. He got to a sewer main. Utilizing a rock, he

hit it in time with the lightning strikes and in time burst it. He crawled five hundred yards through raw sewage to a nearby river. There, he changed into the warden's clothes.

That morning, Andy walked to where he had put Warden Norton's money. Utilizing his assumed identity he left with a cashier's check. Before he left, he asked them to drop a parcel in the mail. He collected over \$370,000 from 12 area banks. The parcel contained Warden Norton's ledgers, and they went right to the Portland Daily Bugle newspaper.

Soon, Red got a postcard from Fort Hancock, Texas, with nothing on it. He took it as a sign that Andy arrived in Mexico and was wholly free. At Red's next parole hearing His parole was granted. One day, with a compass he bought from the pawn shop, he followed instructions from Andy , thumbing to Buxton and reaching the stone wall he described. Just like Andy stated, there was a large black stone. Under that was a lunch box bearing a big sum of cash and instructions to find him.

Red breached parole and left the halfway house. He took a bus to Fort Hancock, where he cut across into Mexico. The 2 friends finally reunited on the beach of Zihuatanejo on the Pacific coast.

The Shawshank Redemption got distinguished reviews when it was released in 1994 but had a mediocre showing at the box office. All the same, it has enjoyed great success in television showings and in DVD sales.

Finally, Andrew achieves his ends on his own terms.

Chapter 9:

#2 Glory

Synopsis

“We fight for men and women whose poetry is not yet written but which will presently be as enviable and renowned as any of them.”

“Their innocence. Their heritage. Their lives. Nothing would be spared in the fight for their freedom.”

Recognizing Your Fellow Man- Ignoring Prejudice

After Robert Gould Shaw (Matthew Broderick) comes through a horrifying battle during the Civil War, he's tendered a position to lead one of the 1st all African American units in the U.S. Army. He accepts that duty despite his questions that the soldiers have the capability to become beneficial fighters. Over time, the soldiers which include a gravedigger named John Rawlins (Morgan Freeman) and a runaway slave named Trip (Denzel Washington), start to establish they're worthy of fighting for the Union States. The soldiers are a proud group of men and really patriotic in spite of the racial discrimination they come across.

Initially, members of the Fifty-fourth are used for nothing more than manual labor until Shaw convinces his commanding officer through the use of blackmail that they should be changed to a combat command. When they finally are transferred, they're involved in their first real battle at James Island, South Carolina on July 16, 1863 to be followed by the attack on Fort Wagner two days later.

A letter written home from Colonel Robert G. Shaw was a particularly inspiring moment: Dear Mother, They learn, learn quickly, quicker than white troops it appears to me. They're almost grave and sedate under command and they restrain themselves. But the moment they're dismissed from drill every tongue is relaxed and every ivory tooth is visible and you wouldn't know from the sound of it that this is an army camp. They must have acquired this from long hours of non-meaningful, inhuman work too set them free so fast. It gives them capital energy. And there's no doubt we'll leave this state as fine a regiment as any that as marched. As ever, your son, Robert.

The white officers and the black soldiers do have a potentially exhibited bonding moment when the soldiers rip up their paychecks because they were paid less than what they were promised and likewise less than the white soldiers. Shaw and his commanding officer rip up their paychecks likewise in protest of this unfairness.

This movie has a moving closing scene as the soldiers storm an uphill Confederate fort while being targeted by gun and artillery fire. The movie had multiple award nominations and won three Oscars. Denzel took home the Oscar for Best Supporting Actor award.

In May of 1900, Sergeant William H. Carney became the 1st black to receive the Congressional Medal of Honor for heroic actions he'd executed while a member of Company C of the Fifty-fourth Massachusetts Regiment during the assault on Fort Wagner.

Chapter 10:

#1 The Blind Side

Synopsis

I think the best line of the movie is when one of Leigh Anne Tuohy's friends says to her "You're changing that boys life" and she replies "No, he's changing mine".

Helping Others Inspires

Based on the true story of Leigh Anne and Sean Tuohy who takes in a homeless adolescent African-American, Michael "Big Mike" Oher. Michael has no idea who his father is and his mother is a crack head. Michael has had not much formal education and few skills to help him study. Leigh Anne soon takes control however, as is her nature, seeing to it that the young man has every chance to succeed. When he conveys an interest in football, she goes all out to help him, including presenting the coach a couple of ideas on how best to utilize Michael's skills. They not only supply him with a loving home, but hire a tutor to help him better his grades to the point where he would qualify for an NCAA Division I athletic scholarship.

Michael Oher said after reading an assignment, "Courage is a hard thing to figure. You are able to have courage based on a dumb idea or mistake, but you're not supposed to doubt adults, or your coach or your teacher, because they make the rules. Maybe they know better, but maybe they don't. It all depends upon who you are, where you come from. Didn't at least one of the 600 guys think about giving up, and joining with the other side? I mean, valley of death that's pretty salty stuff. That's how come courage it's tricky. Should you always do what other people tell you to do? Sometimes you may not even know why you're doing something. I mean any fool can have courage. But honor, that's the real reason for you either do something or you don't. It's who you are and perhaps who you want to be. If you die trying for something significant, then you have both honor and courage, and that's pretty good. I think that's what the writer was saying, that you should hope for courage and try for honor. And maybe even pray that the people telling you what to do have some, too. "

Michael Oher was the first-round pick of the Baltimore Ravens in the 2009 NFL draft.

Blind Side won't go down in the annals as the most distinguished sports movie ever made but it does have its moments. It's a touching depiction of what can result when some, give other people, a fighting chance.

Wrapping Up

There are movies that make you cry, movies that want to make you sing and movies that make you prefer to become a more beneficial individual. Then there are the particular movies that make you prefer to peruse your dreams regardless what cost and no matter how huge or little they are.

The characters in these movies and the situations they tangle with demand our attention and force us to take a look at ourselves and ask “Is this the life I prefer to be living? Am I living the life of my dreams?” “Is there more I could do?” Ask yourself these questions and discover your true answers.
