Installation Instructions

Step 1 – Finding The Config File

Look in the directory where you unzipped the file and locate the config.php file.

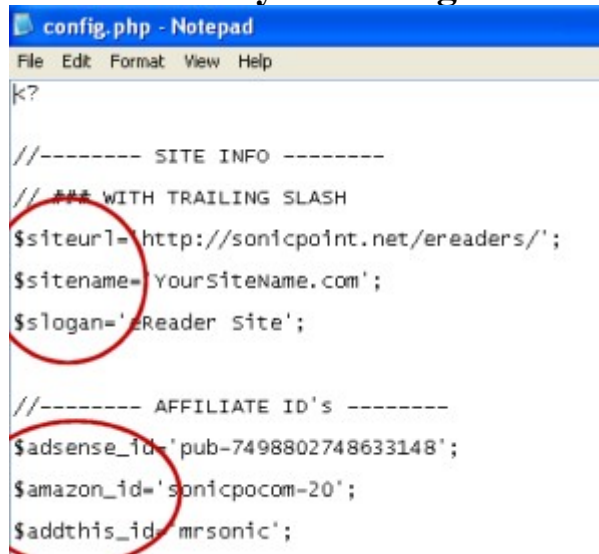

Name	Size
instructions	
license	
marketing	
salespage	
amazon-kindle-dx.php	5 KB
apple-ipad.php	5 KB
augen.jpg	9 KB
benefits-of-eBook-readers.php	5 KB
config.php	1 KB
cruz.jpg	8 KB
drawbacks-of-eBook-readers.php	5 KB
eBook-reader-formats.php	5 KB
eBook-readers-intro.php	5 KB

Right-click on the config.php file to Open the file with your text editor software. If you're asked to choose the software, select Notepad.

Step 2 – Editing The Config File

There are only six changes in the config.php file.

```
config.php - Notepad
File Edit Format View Help

k?

//----- SITE INFO -----
// *** WITH TRAILING SLASH
$siteurl='http://sonicpoint.net/ereaders/';
$sitename='YourSiteName.com';
$slogan='Reader Site';

//----- AFFILIATE ID's -----
$adsense_id='pub-7498802748633148';
$amazon_id='sonicpocom-20';
$addthis_id='mrsonic';
```

Only edit what's between the quotes (either single ' or double " quotes). Otherwise the site may not function. To edit, click your mouse cursor between the first quote and the letter. Then repeatedly press the delete button until all letters are deleted. Be sure to leave the second quote. Then type your values.

Your Site URL: replace our site with your site. Be sure to keep the http:// and WITH TRAILING SLASH. For example you do this – <http://yoursite.com/> not <http://yoursite.com>

Your Site Name: replace or keep the name if you like it. Most people replace it if you have a related domain name like BetterEreaders.com

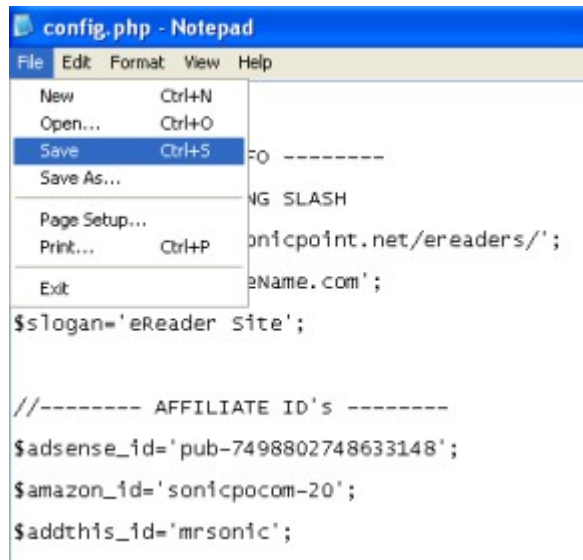

Your Site Slogan: this is the sub headline under your site name

AdSense ID: make sure you keep the pub- portion of the ID. To find your ID, login to your account and look in the upper right corner. Get a free account at <http://adsense.google.com>

AddThis ID: this is the social bookmark links you see on the site that start with “Share |” followed by small icons for Facebook, Twitter, etc. Grab your free ID at <http://addthis.com>

Amazon ID: this is *that* mammoth site! Get your free ID at <https://affiliate-program.amazon.com/gp/associates/join/landing/main.html> . Then login and create a campaign ID, or just use your account ID. Either one will work.

Click File|Save

Step 3 – Uploading To Your Server

Upload all files and folders (*a/k/a directories*) keeping the same structure. You **do not** upload the folders labeled *instructions*, *license* or *salespage*.

1. Upload *all* **.php**, **.html** in ASCII/Text format. If you're using FileZilla, CuteFTP or a web-based solution, they usually are set correctly so you simply upload everything.

Upload all image files (**.jpg**, **.png**, **.gif**) in *Binary* mode.

Point your web browser to YourJobSite.com and test your site.

That's it!
