Instructions for Reselling

To open the files contained in this folder you will need WinZip. You can get it for free by going to: <http://www.winzip.com>

To view these files, you will need the free Adobe Acrobat Reader, which you can download for free by going to: <http://www.adobe.com/products/acrobat/readstep2.html>

Once you unzip the file, you will see a folder named **Reseller Website**, a folder named **Bonuses** (*these are your free unadvertised bonuses*) a folder named **Product**, and a file named **MRRLicense.pdf** which you are reading right now.

Let's talk about the Reseller Website folder first.

Open it up and upload ALL of the files in your reseller website folder to YOUR server. Once you have done that, you will need to edit the index.htm file with YOUR personal information. You will also need to include your payment button/information on the **index.htm file**.

The next file you will need to edit is the **thankyou.htm** file.

The download links in **thankyou.htm** MUST point to your server. DO NOT send your customers to the Resellrightscafe.com download page to download the product that they have bought from you. The download page at Resellrightscafe.com is monitored. Only Resellrightscafe.com paying customers can download from the Resellrightscafe.com download page. If your customer downloads files from the Resellrightscafe.com download page, YOU will be charged a \$10 download fee for EACH customer.

That's all there is to it. You are ready to start selling!
